

Rehabilitation at the Oxford Centre for Enablement

Elizabeth Stoppard¹, Rachel Botell¹, Andrew Hanrahan¹, Derick T Wade²
¹Specialist Registrar Rehabilitation Medicine ²Clinical Director

Oxford Centre for Enablement, Windmill Road, Headington, Oxford OX3 7LD

Background

This comprehensive rehabilitation service has been based in the city of Oxford for over three decades and five disparate specialist services were brought together onto one purpose-built site in 2003.

Overview

Rehabilitation assessment and treatment is offered to people of all ages and disabilities - other than those of a predominantly psychiatric nature, within Oxfordshire (650,000) and elsewhere.

The **Neuro-Rehabilitation Service** and **Continuing Disability Management Service** have thirty inpatient beds and provide inpatient assessment, treatment, and outpatient services.

Specialist Disability Service and **Prosthetics, Orthotics** and **Assistive Technology** offer outpatient services.

Resources

- Neuropsychology
- Occupational Therapy
